

Industry Training Assurance Guarantee (ITAG)

What is ITAG?

Your employees are not the typical college students. With years of experience in their field, they have knowledge of some of the course work required to earn a degree from LCCC.

LCCC will provide a guarantee that training and experiences that align to existing college courses will be awarded with appropriate college credit.

- We will assemble a collaborative team to assess your training programs.
- Together the team will work to map your training to LCCC credit courses.

Talk to us about getting started. See how much time and money you could save!

Prior Learning Assessment (PLA)

How does PLA work?

PLA helps adults accelerate the attainment of a certificate or college degree while avoiding the repetition of coursework for material they have already mastered. That means they can skip taking—and paying for—classes that teach what they already know, while still receiving credit.

This saves time and money!

Utilizing various methods of evaluation, LCCC will assess individuals for college credit based on knowledge gained via:

- Work Experience
- Military Service
- Community Service
- Independent Study where knowledge was gained

How much credit can an employee earn?

A maximum of 30 semester credit hours can be accumulated in PLA credits, excluding transfer credits.

Competency Based Education (CBE)

Online learning that is tailored to your employees' schedule

Based on your employees' current skills and competencies we can help accelerate training through courses that are:

- Flexible
- Time-sensitive
- Modular

Information Technology (IT) courses lead directly to industry certifications through the VALIDATE IT program at LCCC. These courses are skill-based, project-based and applicable to the workplace!

Courses are available in digital forensics, networking, computer maintenance and A+ certification.

BENEFITS

YOUR EMPLOYEES' KNOWLEDGE +
EXPERTISE = HIGHER QUALITY
WORKFORCE

Your employees
already know
alot...

So, let's leverage that knowledge to elevate the education of your workforce and build your talent pipeline!

- Your company will be able to extend your tuition assistance dollars further and save your company time & money.
- Employees become leaders and stay engaged.
