FREE WORKSHOP

THURSDAY, JULY 24, 2014 - 1:00 - 3:30 PM

South Mountain Community College - BE152

Exploring . . .

- The various paths to develop apps & content for iOS, Android, and Windows devices.
- Hands-on demo of building an app
- How SMCC can help you gain the skills for an exciting career in software development.

South Mountain Community College is an accredited institution. Classes may have testing requirements, special block calendaring guidelines and require proof of legal residency. South Mountain Community College is an equal opportunity institution and provides education and employment opportunities without discrimination on the basis of race, color, religion, gender, age, national origin disability or veteran status.

This workshop is in conjunction with a U.S. Department of Labor TAACCT grant.

Disclaimer: This workforce solution was funded by a grant awarded by the U. S. Department of Labor's Employment and Training Administration. The solution was created by the grantee and does not necessarily reflect the official position of the U. S. Department of Labor. The Department of Labor makes no guarantees, warranties, or assurances of any kind, express or implied, with respect to such information, including any information on linked sites and including, but not limited to, accuracy of the information or its completeness, timeliness, usefulness, adequacy, continued availability, or ownership.

Eligibility to participate in this program is contingent upon requirements as outlined in the grant. Although coursework provides education in the IT field, it does not guarantee employment.
