

RVCC EGR 102 Intro to Engineering II

Reviewer: E Ziobrowski

Category	Score	Notes
Learning Objectives	2	There are clear statements of observable competencies.
Course Support of and Alignment to Learning Objectives	1	Materials provided seem aligned but only two lectures were provided. They seem logically related to course competencies but no competencies referenced in the instructional material.
Sequencing of Course Content	2	Course topics were listed in order.
Opportunities for Active Learning	1	A detailed project was included. The assignment was to develop a new or improved appliance. Project was broken down into 3 steps. No other active learning materials provided.
Opportunities for Formative Feedback to Students	1	Quizzes, tests, projects, homework are mentioned but not included.
Summative Assessment of Learning	1	Project is a good summative assessment. Cannot determine if tests and quizzes are aligned with objectives, because they were not included.
