

ENHANCEIOWA

Education & Resources For In-Demand Jobs

TAKE CONTROL OF YOUR FUTURE

Are you looking for a job that leads to a sustained career? All across Iowa, the doors of opportunity are opening into high-demand, high-wage jobs that need to be filled.

Enhance Iowa is a program that helps create a pathway leading to an in-demand career close to your home. It's an innovative plan developed by Iowa's community colleges to train thousands of workers in high-demand fields – a plan that was recognized with a \$15 million grant from the U.S. Department of Labor. Funding is being used statewide to create more than 45 additional training certificates in the information technology, healthcare, utilities and manufacturing targeted areas.

The Enhance Iowa program is perfect for displaced workers, unemployed or underemployed people and for veterans seeking to resume their lives in a high-demand and high-wage career. Improve your life and shape your future by receiving education and training at an Iowa community college for a career in a high-demand field.
