

Electronics Technology Certificate

Graduates of this program can expect to find employment as electrical technicians, i.e., technicians who install, troubleshoot, repair, service, and maintain electrical control systems in manufacturing and service industries.

Students enrolled in the Electronics Technology Certificate Program will gain first-hand experience with these technologies. The program will introduce students to the basic concepts of electricity and electronic control.

After completion of the Electronics Technology Certificate Program, students will have the opportunity to pursue an Associate of Applied Science in Electronics Technology. With this opportunity, students will build on their electrical skills in automation programming and industrial robotics control.

After completing the program, students will be ready to apply these skills in the workplace in a variety of potential jobs, such as:

- Industrial Electricians
- Field Service Technicians
- Industrial Equipment Technicians
- Maintenance Technicians

It is the policy of Jefferson College that no person shall, on the basis of age, ancestry, color, creed, disability, genetic information, marital status, national origin, race, religion, sex, sexual orientation, or veteran status, be subject to discrimination in employment or in admission to any educational program or activity of the College. In compliance with Federal Rules and Regulations, Jefferson College has adopted a procedure for resolving complaints of discrimination. The procedure is available to any Jefferson College student, employee, or applicant who feels that he or she has been discriminated against in employment, student programs, or student activities.

The Disability Support Services Office (DSS) of Jefferson College is committed to the fulfillment of equal educational opportunities, autonomy and full inclusion for students with disabilities. Disability Support Services serves to determine and ensure appropriate accommodations for qualified students with documented disabilities, to assist students in self-advocacy and to ensure compliance with the ADA, ADA/AA and Section 504 of the Rehabilitation Act. Students in need of accommodations can contact Disability Support Services at (636) 481-3158; ckueck@jeffco.edu.
