

September 30, 2014

The purpose of this letter is to provide third party verification of the quality of Alpena Community College's curriculum.

By signing this letter, I certify that I am a knowledgeable professional in the field of Concrete Technology illustrated by my position of former co-director of WCCT and retired senior trainer and researcher for Besser Company and have verified the industry validity of the material presented in the following course(s)/program(s):

- Concrete Aggregate Basics
- Admixtures for Concrete
- Introduction to Cementitious Materials
- Basic Concrete Mix Proportioning
- SLC-500 Basics
- Hydraulic Fundamentals and Troubleshooting
- Introduction to Plant Safety
- Vibrapac: Mechanical Adjustments
- Introduction to Preventative Maintenance
- Electronics Fundamentals & Troubleshooting
- Aggregate Basics
- Reading Precast Concrete Shop Drawings
- Optimizing Concrete Mixes
- Self-Consolidating Concrete
- Concrete, Sustainability and LEED

Sincerely,

  
Eric Krebs
