200-G101

Credit Hours: 6, Lecture: 0, Lab: 0, Practicum/Clinical: 18

Class time and location: TBA, according to individual student schedules

Course begins: January 16, 2018

Course ends: May 12, 2018

Final Exam: Varies: final grade is determined by on-site evaluation by program director and work

supervisor

Required Textbook and/or Materials: No textbook or other materials are required for this course. Necessary materials will be given out via Canvas, or will be researched by the student online or in the library.

**Course Requisites:** Completion of 30 credit hours and Program Director approval.

Course Rationale: To provide students of the Chemical Laboratory Technology program with opportunities to obtain practical work experience in an industrial or research chemical lab.

Course Description: Students of the Chemical Laboratory Technology program will carry out a supervised independent work experience through either an internship in an industrial lab or through an independent research project, allowing the opportunity to make practical application of the knowledge and skills attained during the course of study. An individualized instructional management plan will be prepared to determine goals to be accomplished. Prerequisites: minimum of 30 hours toward degree program and Program Director approval.

**Course Objectives:** Upon completion of this course the student should be able to:

- 1. Apply methods and theories from coursework to the internship position or research project
- 2. Understand and apply principles of work ethics
- 3. Specify, understand, and apply goals set forth by individualized plans

#### GRADES AND RECEIVING FEEDBACK

Grades and feedback will be available through Canvas. Grades will be based on:

- evaluation by the supervisor/research advisor
- evaluation by the program director
- a final written report about the work/research project performed.

Please see the internship/research agreement forms in Canvas for more information about work expectations and due dates. You are treated as a professional in the course. Reading the directions and grading criteria provided for each assignment is the key to understanding how you will be graded. Following those directions is your key to doing well in the course.

This course uses the following OTC grading guidelines:

100 and 200 level General Education, Technical Education, and Business courses:

A=100%-90%, B=89%-80%, C=79%-70%, D=69%-60%, F=less than 60%

#### **ATTENDANCE**

Regular attendance is essential for student success and is expected during all courses for which you are registered. In seated and hybrid courses, your attendance will be recorded in each class session. Attendance in an online course is defined as actively participating in an academically-related assignment. Just "clicking in" does not constitute attendance. See OTC Policy 5.05 for further information.

For this course, attendance will be evaluated through the use of time sheets. Weekly verified time sheets will be submitted to your work supervisor and the program director. Regular meetings with the work supervisor and/or program director may also be required, depending on the nature of the project.

#### ADMINISTRATIVE WITHDRAW

It is the policy of the College that a student will be administratively withdrawn from a course due to lack of attendance in seated classes or nonparticipation in online classes.

## Your instructor will administratively withdraw you from class if you have not attended the class for 14 consecutive calendar days.

This does not include days in which the college is not in session. Your instructor may re-enroll you in this course if a plan of action to complete missed class material and assignments has been agreed upon between you and your instructor.

You should be aware that administrative withdrawal for lack of attendance or nonparticipation may reduce the amount of financial aid you receive, delay your graduation, or require repayment of aid you have already received, and does not relieve you of your obligation to pay all tuition and fees due to the college. Please note you will be charged a \$10 course schedule change fee if you are administratively withdrawn from this course.

See OTC Policy 5.36 for further information.

#### ACADEMIC GRIEVANCE PROCEDURE

Your instructor should be your first point of contact and support for any questions or concerns you have about this course. If you cannot resolve your questions or concerns through your instructor, you should then contact either:

- •Department Chair and/or Program Director, Dana Sherman, shermand@otc.edu
- •Dean, Lance Renner, rennerl@otc.edu

If a complaint cannot be readily resolved through these channels, students should follow the grievance procedures detailed in <u>OTC Policy 5.08</u>.

All students can contact the Academic Ombudsperson at <a href="mailto:ombud@otc.edu">ombud@otc.edu</a> for assistance in working through and resolving academic related questions, problems and conflicts. The Academic Ombudsperson is a neutral party working to insure that fairness and equity are upheld in decision making processes. For more information visit the <a href="mailto:Academic Ombudsperson website">Academic Ombudsperson website</a>.

Veterans can also contact the <u>contact the Veterans and Military Services office</u> for any questions or concerns.

#### **ACADEMIC INTEGRITY**

The college experience is founded on the concepts of honesty and integrity. Dishonesty, cheating, stealing, plagiarism, or knowingly furnishing false information to the college are regarded as

particularly serious offenses. Within the respective curricular divisions of OTC, faculty members handle cases of dishonesty in their classes by levying certain penalties. However, in flagrant cases, the penalty may be dismissal from the college after proper due process proceedings

See the Academic Integrity section of the Student Handbook for more information.
