

Review of Healthcare Program or Field Videos

Due No Due Date	Points 10	Submitting a discussion post	Available after Jan 11, 2015 at 11:01pm
------------------------	------------------	-------------------------------------	--

This assignment is currently locked.

In [Healthcare Program Videos](#) you saw how various health care programs operate and what students can do when they are done with them.

Go online to [YouTube](#) (<http://youtube.com>) and find a video on a health care career program at an educational institution, or about a specific health care field. Pick something that might be of interest to you for your career.

In your response, post the link to the video and right up summary of what the video was about. If the video includes any of the following topics, make sure to include them.

- How much education is required to get into the field?
- What are the variety of positions available in the field?
- What can one expect to be doing if they work in the field?
- What makes the field unique and interesting?

Find 2 other posts that are interesting and add value to the discussion by responding to them. The responses can be statements or questions.
