COMPUTER INFORMATION TECHNOLOGY

Why should I get a certification?

- Certifications can allow you to prove your value to prospective employers
- Certifications can help set you apart from similar candidates
- Certifications may increase your earning potential
- Certifications can lead to greater career advancement and opportunity
- Certifications can boost your resume especially if you are a recent graduate with limited industry experience

How much does it cost?

- Costs for taking tests vary by certification
- CLC students are eligible for discounted testing rates
- Contact your instructor for information on testing costs/vouchers

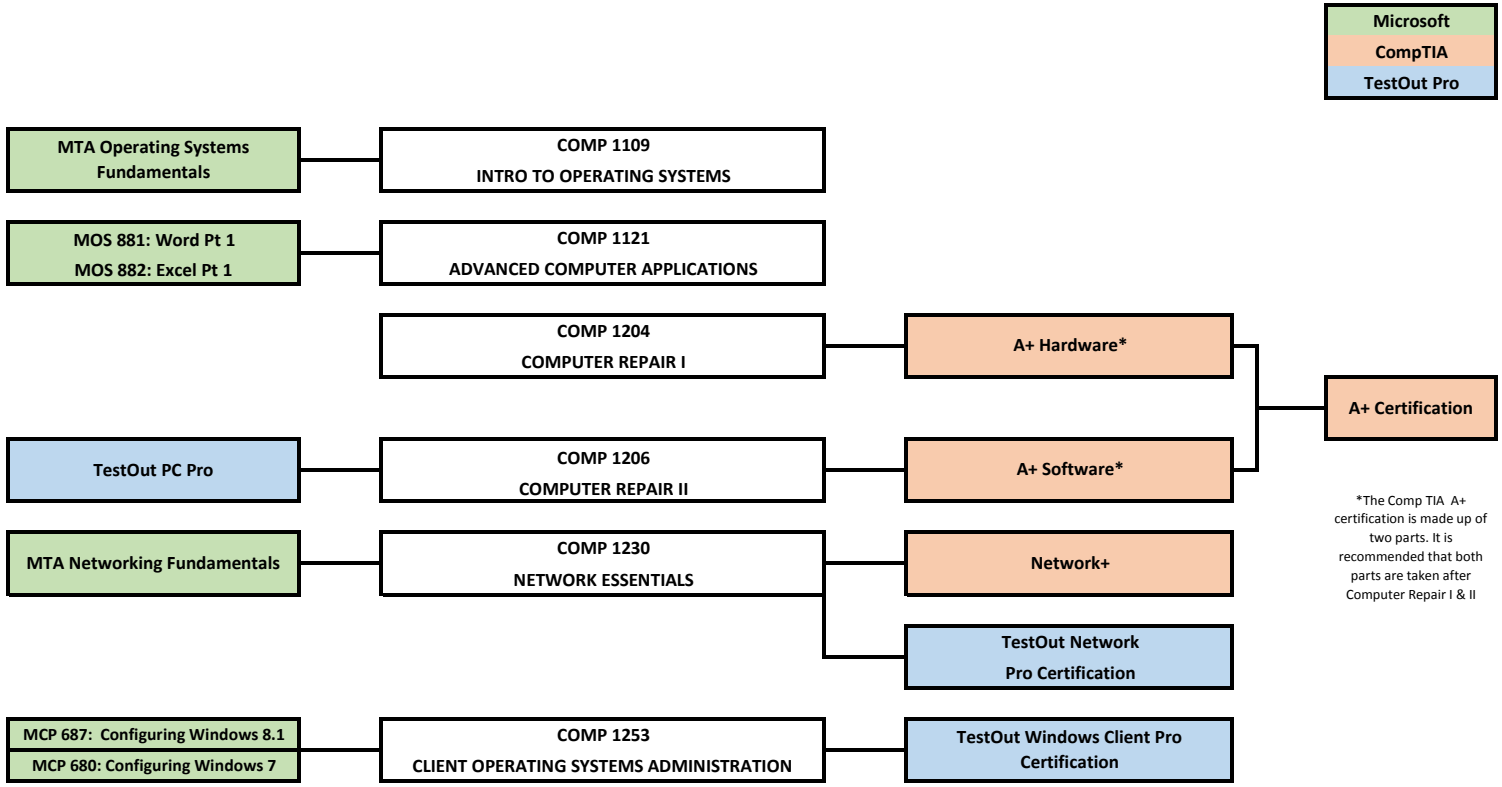
COMPUTER SUPPORT SPECIALIST

Program classes with Certification Opportunities



*The Comp TIA A+ certification is made up of two parts. It is recommended that both parts are taken after Computer Repair I & II

**** Students must take at least 5 additional COMP course credits for program completion. With these electives, there may be further possibilities for certifications. Please refer to other program certification opportunities, a computer tech instructor or advisor for more information.**
