Evaluation and Observations: After reviewing the learning material, please indicate your agreement with the following statements by placing an "x" in the applicable column where 5=excellent or strongly agree and 1=poor or strongly disagree.

1. **Quality of Content – The Learning Material…**	Strongly Agree	Agree	Neither Agree	Disagree	Strongly Disagre	N/A
…is clear and concise						
…provides a complete demonstration of the concept						
…demonstrates a core concept grounded in the discipline						
…is current and relevant						
…is supported by appropriate research						
…is self-contained (can be used without requiring an assignment or context)						
…provides accurate information						
…is flexible (can be used in several situations)						
…includes an adequate amount of material						
…has strong workplace relevance						
…integrates the concept well						
Overall, the quality of the content is very high						
Enter a numerical value that summarizes your attitudes above.						
Strengths (Describe the outstanding features of the quality of the learning material)						
Concerns (Describe any problems in terms of quality)						
2. **Potential Effectiveness as a Teaching Tool/This Learning Material…**						
…identifies learning objectives						
…identifies prerequisite knowledge						
…reinforces concepts progressively						
…builds on prior concepts						
…demonstrates relationships between concepts						
…is easy to integrate into curriculum assignments						
…is very efficient (could learn a lot in a short time)						
…can be used to measure student learning outcomes						
Overall, learning material is a very effective teaching tool						
Enter a numerical value that summarizes your attitudes above.						
Strengths (Describe the outstanding features of the quality of the learning material)						
Concerns (Describe any problems in terms of quality)						
3. **Ease of Use – This Learning Material…**						
…is easy to use						
…has very clear instructions						
…is engaging						
…is visually appealing						
…is interactive						
…is of high design quality						
…meets accessibility requirements if able to assess						

…if an app, can be used on multiple types of mobile devices and platforms						

…if an app, runs effectively without the internet						
Overall, the usability of this learning material is very high						
Please enter the numeric value that summarizes your attitudes above.						

Strengths: (Indicate the outstanding features of the usability of the learning material)

Very good video quality.

Very information.

Good use of images and video

Concerns: (List problems in terms of usability)

This video seems best suited for nontraditional students not necessarily women. I'd recommend a separate video focused on promoting the IT program to just women and it should include traditional and nontraditional students.

What is your overall numeric rating for this material? Review your 3 ratings above and determine your overall rating						

Optional Information:

Other comments to be included in the review: (If an app, respects privacy of user, meets PG rating standards, how frequently app is updated)

Comments to author only: (Any needed improvements or recommendations should be addressed here.)
