

HIT 100 - Notice of Privacy Practices (NPP)

Directions: Find an example of a Notice of Privacy Practices. A lot of hospitals provide those online or you can go to your local doctor's office or hospital and ask for one. Copy/submit here. Read/review the NPP. Does the NPP you obtained include all 16 required elements? If not, what is missing? Write a summary of what is missing or if nothing is missing what do you like or dislike about the NPP you picked up?
