

# GRCC students are in demand in the manufacturing industry.

*"I was offered two different jobs even before completing the course," said Noe Longoria, Jr., a student in electrical maintenance tech at **Grand Rapids Community College.***

*"The professors here help you out, not just in the classroom, but they help you look to what your goals are going to be, how to get there and how to make it possible."*

Eight Michigan community colleges formed the Michigan Coalition for Advanced Manufacturing (M-CAM) to enhance and create training programs in the in-demand areas of welding/fabrication, CNC machining, production operation and multi-skilled/mechatronics.  
[m-cam.org/colleges/grcc/grcc.html](http://m-cam.org/colleges/grcc/grcc.html)

M-CAM prepares participants for 21<sup>st</sup> century jobs in advanced manufacturing.
