The Computer Systems Integration (CSI)

PROGRAM IS DESIGNED TO PREPARE STUDENTS FOR TODAY'S INFORMATION TECHNOLOGY

KVCC's Computer Systems Integration program is a unique blend of computers and business. Students will learn fundamental business practices and how those practices are improved by computer systems. No solution is the same from business-to-business. Companies need highly trained thinkers who can match the capacity of computer systems with the needs of the people who use them.

flexible classes meeting your needs

ONLINE AND LIVE SESSIONS
