

Give your employees the advantage of supply chain education with

SCPro™ Fundamentals Training and Certification

from Columbus State Community College!

You can help your employees broaden their knowledge of supply chain management and learn core business functions that lead to better performance and promotion.

SCPro™ Fundamentals is a series of eight online, self-paced courses that lead to professional certification by the Council of Supply Chain Management Professionals.

Each course covers one of the following skill sets:

Supply Chain Management Principles
Warehousing Operations
Transportation Operations
Customer Service Operations

Demand Planning
Manufacturing and Service Operations
Inventory Management
Supply Management and Procurement
