

# What RITA can do for **STUDENTS**

## **PROGRAM PLANNING AND REGISTRATION**

RITA can assist with the registration process as well as help you choose an educational program and set a plan that is tailored to fit your goals and needs.

We can connect you with tutors, instructors, or other students who can help you understand and master difficult concepts in your program. We can also help with stress management strategies throughout the semester.

## **SUPPORT IN THE CLASSROOM**

## **STUDENT RESOURCE LIAISON**

Education and Employment Advisors (EEA's) are easy to get ahold of and will often be right in the classrooms with you. If life throws a curve that makes your success as a student difficult to achieve, the EEA's are there to connect you to any additional resources that will help you overcome those obstacles.

## INTERNSHIPS

RITA has built strong relationships with businesses in the community. By carefully considering location, goals, and skills of both the businesses and students, we work hard to match students to potential internship and job opportunities.

We work with many industry partners and local businesses to gain insight and expertise which has a direct impact on curriculum creation and enhancement as well as the direction of our programs.

## INDUSTRY CONNECTIONS

## JOB PLACEMENT

As students near completion of their program, the RITA team can assist with resume building, mock interviews, identifying employment or internship opportunities, and more. We will give you as much or as little help as you need to find your dream job!
