NANSLO Labs by  
Sept. 2016

ONLINE/HYBRID

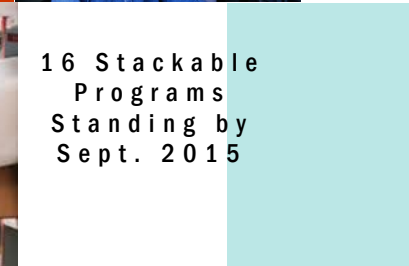

Healthcare  
Education

67 Courses  
Available by  
Sept. 2014

16 Stackable  
Programs  
Standing by  
Sept. 2015

3037  
Students  
Enrolled  
by May  
2014

2460  
Students  
Complete  
Coursework  
by Sept.  
2016

2198  
Students  
Earn  
Credentials  
by Sept.  
2016

# The CHEO Project

Consortium for Healthcare Education Online, TAACCCT Grant

America Back at Work

## About the Consortium

## Targeted Populations

## Methodology

## Areas of Focus

## Employability

Funded by  
U.S. Department of Labor

### Project Specifics

#### Lead Institution:

Pueblo Community College leads eight institutions in five Western states to the forefront of Hybrid and Online Allied Healthcare Education.

#### Consortium Partners:

Flathead Valley Community College Kalispell, MT  
Kodiak College/University of Alaska Kodiak, AK  
Great Falls College at Montana State Univ. Great Falls, MT  
Lake Area Technical Institute Watertown, SD  
Laramie County Community College Cheyenne, WY  
Otero Junior College La Junta, CO  
Pueblo Community College Pueblo, CO  
Red Rocks Community College Lakewood, CO

#### TAA Eligible, Veterans, and Other Adults:

Priority enrollment includes those eligible under the Trade Act of 1974, as amended, TAA for Workers program, United States Veterans as per the Jobs for Veterans Act, and other dislocated workers and low-wage earners.

#### Program and Courseware Development:

Short term, stackable and latticed, hybrid and online allied health programs and courses are being developed incorporating NANSLO technology, support services for students, and professional development for faculty. The project design uses evidenced based models that ensure transferable and articulated courses with four-year institutions.

#### Project Credentials:

Nurse Aide Certificate; Home Health Aide; Hospice Aide; Home Health Care Aide; Licensed Practical Nursing, Associate Registered Nursing; Polysomnographers; Emergency Medical Services including Paramedicine and EMT; Medical Laboratory Technology; Radiological Technology; Associates of Applied Science; Phlebotomy Certification; Health Information Technology including Certified Coding Specialist and Health Information Technician AAS degree; and the advantage of Health Care Core courses.

#### NANSLO Labs:

North American Network of Science Labs Online builds remote labs using open source software and a robotic interface to allow students to remotely control actual lab equipment and perform lab exercises in real time while gathering valid and reliable data.

#### Improved Employment Outcomes:

Processes are being developed for internships, career coaching, and building strong partnerships with committed employers for career placement, employment outcomes are improved. Comprehensive employment service are developed through an integrated career hub that includes campus, industry, and local workforce
