

AWS SENSE Standards implemented at all SEELC colleges

American Welding Society

SENSE

LETTER OF COMMITMENT

To: AWS Academic Program Manager

Subject: Commitment of This Organization to act as a SENSE Participating Organization using or guided by AWS QC10/EG2.0, QC11/EG3.0 or QC12/EG4.0 Standard and Recommended Guidelines

The Policy of the Participating Organization is to abide by all the requirements of the applicable Standards while The Organization is operated as a SENSE Participating Organization.

To implement the policy, I hereby designate

Rusty Pace

as Senior Official,

Rusty Pace / David Bullock

as the Test Supervisor,

David Bullock

as the Quality Assurance Manager, in which capacity s/he will report directly to me.

I agree to work with the American Welding Society to formulate a Quality Assurance Manual, and to abide by its provisions.

Should any conflicts develop that can be resolved by the Quality Assurance Manager and the conflicting parties, the Quality Assurance Manager is directed to refer the problem to me for resolution. I will decide the issue in accordance with the policy.

Signed for this SENSE Participating Organization by

Rusty Pace

Date 7-12-14

Rusty's Bullet Point

Hello my name is Rusty Pace program head of the welding dept. Today I like to inform you about the welding program at VGCC.

1. This coming fall 2015 we are implementing an Associate degree in the welding dept.

- Transition from Diploma to Associate

2. We have also hired 2 instructors 1 full time Franklin Co. campus 1 par-time main campus. This has been hedges help in implementing the Associate degree. Without instructors this would be impossible.

- Full-Time at Franklin Co. (Allen)
- Part-Time at Main (Luke)

One of the challenges we had was space (Scheduling). 1 year and 2 year taking place in the same shop without and additional space. (Scheduling related class)

3. I have been able to visit other Community colleges in state and out of state.

- Randolph NC, A/B Tech (Asheville Buncombe) NC, Central Piedmont Charlotte NC, Ivey Tech IN.
Best practices of Palm Beach State FL, Northeast State TN,

This help with insight and direction.

4. Being able to purchase additional mig welder for Main and Franklin co, campus which is giving us the capability of mig welding in the spray mode. This will help our student when applying for employment with companies that mig weld with thicker metal like Altec.

- Capability to purchase additional equipment (Duke Energy) 6mig main and 6 mig Franklin

We have been able to purchase a Real/Weld for the Franklin Co Campus. We will soon have 1 at the Main Campus.

The real/Weld help beginner students with travel speed, gun angle and stick out with constant fed back.

It also help with material and supplies. Being able to weld without material being consume.

- Real Weld Franklin Campus, coming soon Main Campus (pros/cons 3rd party)
- Able to purchase supplies and material (TACCCT) metal and rods
- Continuous student support through TACCCT staff
- Attended CWI training
- **Program implementing AWS SENSE** (School Excelling through National Skill Standards Education)

Good afternoon Mr. Wilson:

Thank you for contacting AWS.

Following your conversation with Mrs. Irene Rodriguez, AWS would like to welcome VANCE-GRANVILLE COMMUNITY COLLEGE, as an Educational Institution Member. Attached is the emblem designed exclusively for use by our Educational Institution Member. You are encouraged to use it on your company's letterhead, business cards, and advertisement.

As an Educational Institution member you are entitled to a total of three members on your roster.

Thank you for submitting your institution's roster. You can make changes at any time. Your 3 membership are:

693435 GRAVEL,CHARLES L

686105 PACE,RUSSELL E

693434 THARRINGTON,NORMAN A

Kindly allow approximately four to six weeks for your personal membership Kits to arrive. Also, you will be receiving a certificate wall plaque recognizing your company as an Educational Institution Member.

Once again welcome and if you have any questions or if I can assist you in anyway please don't hesitate to contact me.

Regards,

Giuliana Campodonico
Sr. Coordinator, American Welding Society®

Questions for TAAACT AWS

1) Please describe your interaction with AWS to date.

Through interactions with AWS, we have been able to attend a CWI seminar and we have implemented the Sense program.

2) In what ways have you found this partnership beneficial to grant efforts?

Information received at the CWI seminar was beneficial. Access to Sense program modules has enriched our curriculum.

3) How have these industry associations impacted the implementation of your program? Or the development of your program components- curriculum, etc.?

Through the grant, we have now been able to offer an AAS degree. We have used the Sense program to develop a basis for the curriculum we use in the second year of the program.

4) How have these associations impacted participant outcomes – credentials, employment, etc.?

By taking the CWI training, we are better able to prepare students for the fast-paced welding environment of industry. The Sense program allows students to earn an industry driven certificate that better prepares them for their careers.

5) In what areas is there room for improvement in your college's partnership with AWS?

We would like to have a direct contact representative with AWS.

6) Please describe any other industry associations you are working with as part of your TAACCCT grant and how your interactions with those compare to AWS?

None at the moment.
