HEALTHCARE JOBS

ARE COMING

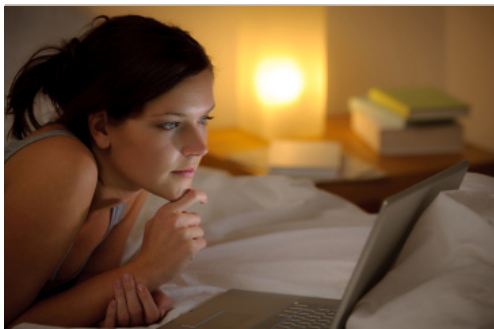

Get the training you need for yours
with WEBER STATE UNIVERSITY.

HEALTH INFORMATION MANAGEMENT

CLASSES THAT FIT YOUR SCHEDULE

NOW AVAILABLE AT

HEALTH INFORMATION MANAGEMENT (HIM) is the area of health care that deals with patient data. HIM professionals work to acquire, analyze and protect patient health records.

As a HIM professional you will:

- Work with the latest technology and data management tools to look for trends and patterns.
- Use data to improve the quality of health care in your local community.
- Make a difference in the health care industry without direct contact with patients.

WORK FROM ANYWHERE From big cities to small towns, HIM professionals can work anywhere in the country.

TRAIN ONLINE Weber State offers HIM training entirely online.

HIGH-PAYING JOBS ARE WAITING TO BE FILLED HIM is a high-growth industry with great demand for qualified workers.
