HEALTH INFORMATION MANAGEMENT

NOW AVAILABLE AT **DSU**™

HEALTH INFORMATION MANAGEMENT (HIM) is the area of health care that deals with patient data. HIM professionals work to acquire, analyze and protect patient health records. As a HIM professional you will:

- Work with the latest technology and data management tools to look for trends and patterns.

- Use data to improve the quality of health care in your local community.

- Make a difference in the health care industry without direct contact with patients.

CLASSES THAT FIT YOUR SCHEDULE

Weber State University's Health Information Management program is now available at **Dixie State University**. Enroll in online courses from home or take hybrid face-to-face classes in Dixie State University's Interactive Video Conferencing room.

WORK FROM ANYWHERE From big cities to small towns, HIM professionals can work anywhere in the country.

TRAIN ONLINE Weber State offers HIM training entirely online.

HIGH-PAYING JOBS ARE WAITING TO BE FILLED HIM is a high-growth industry with great demand for qualified workers.
