HEALTH INFORMATION MANAGEMENT
PROGRAMS CAN NOW BE STARTED AT UTAH VALLEY UNIVERSITY

UVU UTAH VALLEY UNIVERSITY

HEALTH INFORMATION MANAGEMENT (HIM) is the area of health care that deals with patient data. HIM professionals work to acquire, analyze and protect patient health records.

As a HIM professional you will:

- Work with the latest technology and data management tools to look for trends and patterns.

- Use data to improve the quality of health care in your local community.

- Make a difference in the health care industry without direct contact with patients.

CLASSES THAT FIT YOUR SCHEDULE

Weber State University's Health Information Management program can be started at Utah Valley University. Enroll in online courses from WSU Online, no travel necessary, complete your course from home!

WORK FROM ANYWHERE From big cities to small towns, HIM professionals can work anywhere in the country.

TRAIN ONLINE Weber State offers HIM training entirely online.
