August 2005 to December 2011 **Lake-Sumter Community College** **Leesburg, Florida**
Distance Learning Programs Director and Supervision of Technology Integration Cross-curriculum
 I have worked with developing degrees for on online delivery. As director, I was responsible for approval, budget, digital course content development, state and federal curriculum data reports. This was to establish the framework and accreditation for the small community college, which now is offering A.A., A.A.S, and A.S. degrees online. Following are technology integration highlights:

- Five original instructors increased to eighty-three instructors now trained and using distance learning pedagogy, instructional design and continuous improvement measures. All now meet state standards.
- Student enrollment growth strategic design moved institution from 811 enrolled online in 2006 to 5,000 approximately for 2011-12 (90% of the college enrollment).
- Five year planning with IT and PC Support for all Academic and Student Support Services units: supervised six learning management system updates, implementation of student helpdesk and data analysis reporting procedures.
- The Southern Association of Colleges and Schools Commission on Colleges coordinated for fully online degree prospectus completed and accepted. College completed 10 year and received accreditation 2011 – 2021 reaffirmation during the development of the distance learning unit.
 All standards met for online unit as well as mixed-hybrid use of technology including college-wide development of social media procedures and policies.
