Employer Survey

The South Dakota Allied Health Training Consortium (SDAHTC) includes six partner schools with Southeast Technical Institute being the lead agency. The consortium is funded by a grant from the U.S. Department of Labor. The main goal of the consortium is to increase the number of certified health care workers in South Dakota and the surrounding region. Please respond to the questions below to provide feedback to the consortium about the quality of their health care graduates.

1. Please identify from which school your health care employees usually graduate.

Western Dakota Technical Institute
Oglala Lakota College (OLC)
Sinte Gleska University (SGU)
Mitchell Technical Institute (MTI)
Lake Area Technical Institute (LATI)
Southeast Technical Institute (STI)

2. Please indicate the program from which your employee or employees have graduated.

Program	Institution
Certified Nursing Assistant	OLC
Medical Coding	OLC

3. How effectively do employees from the school you indicated in question 1 demonstrate:

Highly Effective - Not Effective

Strong work ethic
Problem solving skills
Written and oral communication skills
Listening skills
Self-directed learning
Relevant use of information from a variety of sources
Comments

4. Please indicate your overall satisfaction of the preparation of graduates in health care fields

Very satisfied

Satisfied

Somewhat satisfied

Not Satisfied

Unsure

N/A

Comments

5. How likely are you to hire future graduates from this technical institute?

Very Likely

Likely

Somewhat Likely

Not Likely

Unsure

N/A
