

YOU'RE INVITED!

**EON Innovation Academy and EICC Information
Technology Information Sessions**

The Information Technology (IT) industry may be one of the most challenging, inspiring, and rewarding industries to work in. The industry is growing and evolving at a rapid pace. And that means JOBS! Local JOBS!

Eastern Iowa Community Colleges can help you create a pathway to a job in IT. Start by attending an upcoming information session where you can check out available programs, meet our faculty, and actually get your hands on our high-tech equipment and facilities.

Wednesday, June 21

Or

Wednesday, July 19

Both sessions are from 5 to 7 p.m.

We know you're busy and may already be working so we've developed options that allow you to learn online, go part-time, take evening classes, or focus on a short-term certificate. That includes our 11-month EON Innovation Academy – an 11-month, intensive program that's one of only four in the country!

**For more information, visit eicc.edu/eon and eicc.edu/it or
call us at 1-888-336-3907.**
