

# You're Invited!

## Information Technology and EON Innovation Academy Information Sessions

The Information Technology (IT) industry is growing and evolving at a rapid pace. And that means JOBS!

Eastern Iowa Community Colleges can help you create a pathway to a job in IT. Start by attending an upcoming information session where you can check out available programs, meet our faculty and get your hands on our high-tech equipment and facilities.

**Clinton Community College**  
**November 28;**

**Kahl Educational Center**  
**November 29; and**

**Muscatine Community College**  
**November 30**

Sessions are from 4 to 7 p.m.

We know you're busy and may already be working so we've developed options that allow you to learn online, go part-time, take evening classes, or focus on a short-term certificate. That includes our EON Innovation Academy – an 11-month intensive program in Virtual and Artificial Reality that's one of only four in the country!
