*"An understanding of computer science is becoming increasingly essential in today's world. Our national competitiveness depends upon our ability to educate our children — and that includes our girls — in this critical field."*

— Sheryl Sandberg

Plant Yourself in STEM (Science, Technology, Engineering and Math) celebrates technology by giving you a chance to experience a hands-on twist on the "Hour of Code," some game development, and solve a computer forensic mystery. Eastern Iowa Community Colleges instructors and students help you experience the "T" in STEM! This is a STEM initiative to introduce everyone to computer science.
