

Short Term Training for Advanced Manufacturing

Earn 2 Industry-Recognized Certifications in 10 weeks or less!

- Training covers principles of Maintenance Awareness, leading to the certification exam for MSSC (Manufacturing Skills Standards Council)
- Students will also complete a safety training that will award them the OSHA10 credential
- Curriculum also includes *21st Century Skills*, a 4-module program that addresses Leadership, Communication, Teamwork, and Problem Solving
- This training is scheduled to start in mid-September
- Students will split time between completing work on computers as well as in our hands-on lab

Special price for community partners: \$349 (all-inclusive)
