

STARK STATE COLLEGE

TAACCCT PROGRAMS SURVEY

The overarching goal of the Trade Adjustment Assistance Community College Career Training (TAACCCT) is that programs will accelerate learning and credential attainment for Trade Adjustment Assistance (TAA) eligible workers and other unemployed and underemployed adults. We want to ensure that students are receiving the support required to successfully complete these programs and obtain gainful employment or further their education upon completion. Our Student Success Coach is available for those who would like guidance in a specific area or with a specific task. Your participation in this survey is key so we can best serve you now and in the future.
