

2017 Precision Water Utilization Conference

We all know how important water is to growing our crops each year, but are you really up-to-date on the current water technologies? The Nebraska Precision Agriculture Center for Excellence invites you to join them at the *2017 Precision Water Utilization Conference*, where professionals around Nebraska have come together to exchange ideas on current practices and emerging technologies in water management. This will be a great opportunity to learn from the experts on the forefront of agriculture water advances and apply them immediately to your farming operation.

Choose your location:

February 21 – Lexington - Central Community College Learning Center, Room 204

February 23 – Hastings - Central Community College, Webster Building, Room 120

March 7 – Ord - Central Community College Learning Center, Main Conference Room

March 9 – Columbus - Central Community College, Student Center, Room 176

AGENDA:

- 9:00-9:30 – Registration
- 9:30 – Welcome Amy Novak, N-PACE Project Manager
- 9:45 – Welcome to the Aquamart! Linking Precision Agricultural Water Management to Watershed Health
John Heaston, Nebraska Water Alliance
- 10:45 – Cover Crops, What We Know and What We Think We Know
Dean Krull, UNL Extension
- 11:30 – What is Drip Irrigation?
Cole Opbroek, ECO-Drip
- 12:00 – Lunch to be provided
- 1:00 – 2017 Agricultural Climate Outlook
Al Dutcher and Martha Shulski, Nebraska State Climate Office
- 2:00 – Integrated Systems Approach to Irrigation Management
Kylan Hunt and Nick Lammers, CropMetrics
- 3:00 – Wrap-Up

Cost:

\$15 per participant. Through generous funding, Nebraska Precision Ag Center for Excellence is offsetting the normal registration fee of \$100.

REGISTRATION:

Pre-registration with payment is required at:

<http://www.cccneb.edu/conferences/>

For further information, contact the Nebraska Precision Ag Center for Excellence, Amy Novak at 402-461-2425 or amynovak@cccneb.edu.

Upon registering, each participant will receive a follow-up email with a map attachment, helping them navigate to the room on the campus where they registered.

Nebraska Precision Ag Center for Excellence

Nebraska Precision Ag Center for Excellence
and Central Community College

In September, 2014, Central Community College was awarded a Round 4 Trade Adjustment Assistance Community College Career Training (TAACCCT) grant through the Department of Labor to enhance the existing agricultural business degree by adding a precision agriculture specialization. Today, a student can enroll at CCC to earn an Agricultural Science degree with a Precision Agriculture specialization.

N-PACE also offers industry-wide training for non-traditional students.

This product was funded by a grant by the US Department of Labor's Employment and Training Administration.
