Category	Score	Notes
Learning Objectives	2	appear to be clearly defined
Course Support of and Alignment to Learning Objectives	2	while it appears to support objectives the subject matter is very comprehensive and may vary as nec. by instructor/student
Sequencing of Course Content	2	appears to have a "building" block method to instruction
Opportunities for Active Learning	1	without further info cannot determine if more hands on learning is available to students. it appears they receive some.
Opportunities for Formative Feedback to Students	nei	
Summative Assessment of Learning	1	there appears to be an objective to create a "final project" but it is not clearly defined.
Americans with Disabilities Act (ADA) compliance	2	appears to comply
Universal Design for Learning (UDL) used	nei
