Iowa Lakes Community College is committed to ensuring that all programs and services, including electronic and our website ([www.iowalakes.edu](http://www.iowalakes.edu)), are accessible to people with disabilities. In accordance with the provisions of Sections 504 and 508 of the Rehabilitation Act and the Americans with Disabilities Act (ADA), Iowa Lakes provides students, faculty, staff, and visitors with reasonable accommodations to ensure equal access to the programs and activities of the college. For more information visit: <https://www.iowalakes.edu/educational-counseling-services/accommodations-disability-resources>.

Chad Tischer is Engineering Technology Program Coordinator at Iowa Lakes Community College.

Updated in 2017, this course covers an introduction to fluid power fundamentals and is offered in credit programs in a face-to-face format.

### Course Syllabus

## ***EGT-117 Fluid Power Fundamentals*** Fall/2017

Iowa Lakes Community College  
300 South 18<sup>th</sup> Street  
Estherville, IA 51334

**Instructor:** Chad Tischer  
**Office No:** 315  
**Phone:** 712-362-8366  
**Email:** [ctischer@iowalakes.edu](mailto:ctischer@iowalakes.edu)  
**Office Hours:** As posted on office door

**Catalog Description:** This course will introduce students to the basic principles and components of fluid power systems. Students will also learn how to read fluid power schematics and troubleshoot basic systems.

**Prerequisites:** None

*This workforce solution is funded in part by the IHUM Consortium which is 100% financed through a \$15,000,000 grant from the U.S. Department of Labor's Employment & Training Administration.*

*The product was created by the grantee and does not necessarily reflect the official position of the U.S. Department of Labor. The Department of Labor makes no guarantees, warranties, or assurances of any kind, express or implied, with respect to such information, including any information on linked sites and including, but not limited to, accuracy of the information or its completeness, timeliness, usefulness, adequacy, continued availability, or ownership.*

**Credits:** 2 (1 Lecture, 1 Lab)

**Text & Additional Materials:** TBA

**Course Objectives/Competencies:**

Upon successful completion of the course, a student should be able to:

- Define the characteristics of fluid power.
- Identify fluid power acronyms.
- Explain the use of the terms Density, Specific Weight and Gravity.
- Recognize the effects of Viscosity and Temperature have on a fluid power system.
- Identify fluid power symbols on a pneumatic schematic.
- Calculate work, energy and power as they apply to fluid power systems.
- Explain uses for vacuum in a system.
- Demonstrate how to measure flow, pressure and temperature within a fluid power system.
- Detail the operation of different directional control valves by identifying the number of ports, the number of positions, actuating methods and the spool type.
- Construct a pneumatic system using a power source, shut off valve, regulator, solenoid and linear actuator.
- Troubleshoot a simple fluid power circuit.

**Course Schedule/Outline (Units of Instruction):**

1. Theory
2. Pneumatic systems
3. Air source
4. Air preparation
5. Actuators
6. Directional valves
7. Accessories
8. Circuit design
9. Assembly exercises

**Methods of Instruction:**

Course will consist of a one hour lecture each week, which may include reviewing assignments, discussion, demonstrations and other methods to be determined by the instructor. Two hours of lab meeting once each week will follow the lecture and will cover material discussed that week.

*This workforce solution is funded in part by the IHUM Consortium which is 100% financed through a \$15,000,000 grant from the U.S. Department of Labor's Employment & Training Administration.*

*The product was created by the grantee and does not necessarily reflect the official position of the U.S. Department of Labor. The Department of Labor makes no guarantees, warranties, or assurances of any kind, express or implied, with respect to such information, including any information on linked sites and including, but not limited to, accuracy of the information or its completeness, timeliness, usefulness, adequacy, continued availability, or ownership.*

**Grading Policies:**

<b>Scale:</b>	<b>A</b> = 90-100%
	<b>B</b> = 80-89%
	<b>C</b> = 70-79%
	<b>D</b> = 60-69%
	<b>F</b> = 0-59%

**Other Expectations:** The instructor will determine the weight of each assessment towards overall points. Graded components are as follows:

- Assignments 200 points
  - Labs 250 points
  - Tests, quizzes and midterm 300 points
  - Final Exam 150 points
- Points may vary, this outline should only be used as an estimate.

Students are expected to attend all classes and labs.

Students unable to attend a lecture or exam must notify the instructor by e-mail before the absence.

Students who are absent and have notified the instructor will be allowed to reschedule tests or assignment.

Students who are absent and have not notified the instructor will not receive credit on any test or assignment due that day.

Students are responsible for learning the course material covered during their absence.

The instructor will not notify students individually if assignments or deadlines are missed.

Each exam will be announced at least one classes in advance.

Students who leave the room while a test is in progress must submit their exam as completed.

The final is comprehensive and will be administered during finals week.

Students must have achieved a grade of "D" or higher to be eligible for the final exam.

Students are expected to conduct themselves in a professional manner.

Classes and labs will start promptly. If you are unprepared do not enter the classroom.

All communications must be conducted through the iowalakes.edu e-mail address.

Any behavior which is disruptive or unsafe may be grounds for removal from class.

Cell phone use and texting are prohibited in lecture.

Cell phone use and texting are prohibited in lab, unless instructed otherwise.

The use of a cell phone will result in a zero for anything done on that day. Only one warning will be given.

Students who need to leave class early should let the instructor know before class begins and leave quietly.

Avoid prolonged noise, especially during class discussions.

Incompletes are only issued when the student can establish a completion date.

*This workforce solution is funded in part by the IHUM Consortium which is 100% financed through a \$15,000,000 grant from the U.S. Department of Labor's Employment & Training Administration.*

*The product was created by the grantee and does not necessarily reflect the official position of the U.S. Department of Labor. The Department of Labor makes no guarantees, warranties, or assurances of any kind, express or implied, with respect to such information, including any information on linked sites and including, but not limited to, accuracy of the information or its completeness, timeliness, usefulness, adequacy, continued availability, or ownership.*

Drug and alcohol use is prohibited.

Students suspected of being under the influence of drugs or alcohol will be asked to leave.

**Important:** NO food or drinks in the lab

**Students must abide by all policies as stated in the Iowa Lakes Community College Student Handbook.**

Students should be aware that classes might be audio or video recorded by one or more students. The college's policies governing the audio or video recording of class are included in the Student Handbook. Students who have any questions or concerns about class recordings should address their questions or concerns with the instructor at the *beginning of the semester*.

### STUDENT ACADEMIC HONESTY POLICY

Iowa Lakes Community College believes that personal integrity and academic honesty are fundamental to scholarship. Iowa Lakes strives to create an environment where the dignity of each person is recognized and an atmosphere of mutual trust exists between instructors and students. The faculty has confidence in the integrity of the students and encourages students to exercise good judgment in fulfilling this responsibility.

Actions contrary to academic integrity will not be tolerated. Activities that have the effect or intention of interfering with learning or fair evaluation of a student's work or performance are considered a breach of academic integrity. Examples of such unacceptable activities include, but are not limited to:

- **Cheating** (intentionally using or attempting to use unauthorized material, assistance or study aids in my academic work). For example, using a cheat sheet for a test, looking at another student's paper during an exam, stealing or buying all or parts of an exam or paper, altering and resubmitting work for a better grade without prior approval to do so, etc.
- **Plagiarism** (representing another's ideas, words, expressions or data in writing or presentation without giving proper credit, failing to cite a reference or failing to use proper documentation, using works of another gained over the Internet and submitted as one's own work).
- **Falsification and/or misrepresentation of data** (submitting contrived or made-up information in any academic exercise). For example, making up data, citing non-existent sources, etc.
- **Facilitating Academic Dishonesty** (knowingly helping or attempting to help another violate any provision of the academic honesty policy). For example, working together on a take-home exam or other assignment when the option has not been made available, giving a paper/assignment to another student for his/her use, etc.
- **Multiple Submissions** (submitting, without prior approval from the instructor involved, any work submitted to fulfill academic requirements in another class). For example, submitting the same paper for two different classes, etc.
- **Unfair Advantage** (trying to gain unauthorized advantage over fellow students). For example, gaining or facilitating unauthorized access to exam materials (past or present); interfering with another student's efforts in an academic exercise; lying about the need for an extension on a paper or assignment; destroying, hiding, removing or keeping library materials, etc.

*This workforce solution is funded in part by the IHUM Consortium which is 100% financed through a \$15,000,000 grant from the U.S. Department of Labor's Employment & Training Administration.*

## Disciplinary Action

Any violation of this policy will be treated as a serious matter. The instructor has primary responsibility over classroom behavior and maintaining academic integrity. Students who earn an "F" based on any violation of the Student Academic Honesty Policy may not withdraw from the class (and receive a grade of W). Depending on the nature and severity of the offense, Iowa Lakes Community College reserves the right to exercise disciplinary action as outlined in the Disciplinary Action Section of the Student Handbook.

## Americans with Disabilities Act – Policy of Nondiscrimination

It is Iowa Lakes Community College policy to not discriminate against qualified individuals with disabilities and to provide reasonable accommodation(s), as required by law, to otherwise qualified applicants for admission or to students with disabilities in all education programs, activities, services and practices, including application procedures, admissions, course selection, the awarding of degrees, discipline and dismissal. Educational opportunities will not be denied to an otherwise qualified application or student because of the need to make reasonable accommodation(s) or modification(s) for the physical and mental impairment(s) of any such individual.

Iowa Lakes Community College students needing reasonable accommodation(s) and/or modification(s) should contact Jody Condon by phone at (712) 852-5219 or via email at [jcondon@iowalakes.edu](mailto:jcondon@iowalakes.edu). To assure that accommodation(s) and/or modification(s) will be ready when classes start, students must make the request as soon as possible, before a semester begins.

It is the policy of Iowa Lakes Community College not to discriminate on the basis of sex, race, national origin, creed, age, marital status or disability in its education programs, activities, or employment policies, as required by Titles VI and VII of the 1964 Civil Rights Act, Title IX of the 1972 Educational Amendments, Section 504 of the Federal Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act (ADA) of 1990.

Inquiries regarding compliance with Title IX, Title VI, Title VII, or Section 504 may be directed to Kathy Muller, Human Resources, Iowa Lakes Community College, 19 S. Seventh Street, Estherville, IA 51334, telephone (712) 362-0433; to the Director of the Iowa Civil Rights Commission, Des Moines; or to the Director of the Region VII Office of Civil Rights, Department of Education, Kansas City, Missouri.
