

## Emergency Medical Services

The Emergency Medical Technician (EMT) Paramedic curriculum is designed to prepare the student for the National Registry exam for certification as a Paramedic. Selected general education courses are related to the field of Emergency Medical Services and will provide the student with a broad base upon which to make reasoned decisions when giving emergency care.

The EMT classes are offered in both night and day part-time format and the Paramedic is offered as a full-time day format.

Students enrolling in the Paramedic program must have a high school diploma or high school equivalency diploma and current EMT certification.

The Southeastern Community College Emergency Medical Services Program is accredited by the Commission on Accreditation of Allied Health Education Programs ([www.caahep.org](http://www.caahep.org)) upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP).
