

Cloud-based Technology Learning Activities Integrated throughout the ASN Program in ASN Generic and LPN-RN Bridge Option

Cloud-Based Learning Activities	General Description
RN Case Studies/Patient Reviews	<p>Patient Reviews: Reinforces and assesses students' retention of core content through knowledge-based scenarios in an interactive format.</p> <p>Case Studies: Challenge students to use their knowledge and apply key concepts to realistic patient scenarios.</p> <p>Integrated into the Syllabus of all RNSG courses. May be required or recommended activity depending on course.</p>
Drug Calculations Online for Clinical Calculations, 8 th Edition	<p>Provides learning and practice opportunities to support student learning in drug calculation necessary to perform safely and effectively.</p> <p>Integrated into the RNSG 1931 course as a recommended learning activity.</p>
SimChart	<p>An electronic health record specifically developed as a teaching tool for nursing students. Use is integrated in classroom and simulation experiences as well as used as clinical practice environment documentation for required course documentation.</p> <p>Integrated into the Syllabus of all RNSG courses. May be required or recommended activity depending on course.</p> <p>Integrated into the Course Syllabus if used as a class learning activity.</p> <p>Integrated into all Course Clinical Guides as required for clinical documentation related to practice environments.</p>
SLS – Simulation Learning System	<p>Simulation Learning System helps students apply classroom learning and gain hands-on experience in a realistic, yet controlled and monitored environment through the use of evidence-based scenarios, an electronic health record, and teaching support for each step of simulation.</p> <p>Integrated into the Syllabus and/or Skills Lab Guide (for courses with a Lab/Skills component of all RNSG courses. May be required or recommended activity depending on course.</p>
HESI Testing Products	<p>HESI Pre-Admission Exam – RN Generic: Assesses prospective students' academic knowledge in English, math, and science, as well as learning and personality styles LPN-RN Bridge Option: tests Fundamentals, Psychology/Mental Health.</p> <p>Integration: Required for ASN Program Admission</p> <p>HESI Specialty Exams – each course Measures students' abilities to apply concepts related to specific clinical nursing content areas throughout the curriculum. HESI Specialty Exams are used as end-of-course final exams.</p> <p>Integrated into every RNSG course as the Course Final Exam. A score of 850 or above is required as passing for all HESI exams.</p> <p>HESI RN Exit Exam – final program exam Assesses students' readiness for the NCLEX RN examination with question formats and an exam blueprint matching the latest NCLEX test plan. HESI Exit Exams will help identify each student's strengths and weaknesses and provides individualized remediation to address knowledge deficits prior to taking the NCLEX examination. The exam has a proven predictive accuracy rate of up to 98.4% for NCLEX-RN performance.</p> <p>Integrated into RNSG 2941 (after successful completion of the RNSG Course HESI) as a program comprehensive exam in preparation for NLEX-RN. A score of 850 or above is required as passing for the HESI exam.</p>

Cloud-Based Learning Activities	General Description
NCLEX-RN Online Review	The comprehensive online review features key nursing content organized by content specialty areas and NCLEX Client Needs, with an additional reference list for nursing concepts. A diagnostic pre-test taken at the beginning of the course provides students with a study calendar to guide them through the content modules. Each module is followed by a quiz to determine students' mastery of the content. A comprehensive exam at the end of the course gives students a breakdown of their strengths and weaknesses. A wealth of illustrations, videos, audio clips, and animations helps to clarify key concepts and engage students as they study for the course exams and prepare to take the NCLEX.
Not Cloud-based: HESI RN Live Review	Helps prepare students to confidently pass the NCLEX® with a personalized, onsite course led by expert nurse educators that use a conceptual teaching approach and discussion-driven instruction.
