Required material

You will be using a training course titled TestOut, which combines interactive online labs, instructional videos, and practice exams to complement your classroom instruction. You can purchase your material in the following ways:

1. Students purchase their activation codes from your bookstore for the products they need in class.
2. Direct Purchase from TestOut/com <http://www.testout.com/>

Note: Do not purchase your product directly from TestOut until your instructor has supplied you with a promotion code.

In addition to the TestOut material, students are required to bring paper, pencil, highlighter, USB flash drive (1GB or larger) and earphones or headset to view videos.

Course Description

There are a total of four courses which will prepare you for CompTIA™ A+ certification exams: A+ Essentials and A+ Practical Application. The courses are listed below in order:

Course	TestOut Sections	Total Hours
Computer Concepts	Sections 1-4	60
Storage and Multimedia	Section 5-6	60
Wired and Wireless	Sections 7-9	60
Software and Security	Sections 10-13	60

CompTIA A+ certification

Gaining [CompTIA™ A+ certification](#) assures employers and computer owners that a PC repair technician has the requisite knowledge to build, upgrade, optimize, troubleshoot, and repair personal computer (PC) systems. This program will prepare you to take your A+ exams, but the exams or exam vouchers are not

offered as a part of this program. It will be your responsibility to set up exam dates and pay for exam fees independent of this online program. For more information on this certification please visit the CompTIA site at www.comptia.org.
