

Knowledge to Work connects learners, job seekers, and employers with the tools they need for success.

[KnowledgeToWork.com](https://www.knowledgetowork.com) provides:

1. Information on a variety of career pathways;
2. National competency frameworks that document the knowledge, skills, and abilities required for success in each career pathway; and
3. Free and low-cost learning resources to learn those competencies.

For learners, we offer personalized learning plans to track progress. For job seekers, we provide job search tools to locate potential employers. For employers, we provide competency frameworks to help manage the talent pipeline and connect employers with job candidates that have the knowledge and skills they need.

High-Wage, High-Growth Industries

[KnowledgeToWork.com](https://www.knowledgetowork.com) currently focuses on three pathways:

1. Healthcare, including a special focus on health information management;
2. Information technology, including administrative support technology and dynamic fields such as cybersecurity; and
3. Manufacturing, including the need for skills in supervision.

Please review our feature comparison chart on following page.
