

SME Report

College: Cuyahoga Community College

Specific Course Reviewed: ISET 2140 Non-Destructive Testing Outline and Syllabus

Prepared By: Frank M Dragolich, Jr., Consultant

Date Completed: July 02, 2018

Submitted To: Lorain County Community College

Consultant Credentials: Frank Dragolich is a 29 year employee at The Lincoln Electric Company. He has worked in multiple departments over that 29 year stretch, including: consumables manufacturing, inspection, application engineering, and now technical training. During the 12 years he worked in the application engineering department, he had the opportunity to write hundreds of technical reports, and was used as an SME for multiple projects, including owner's manuals, technical welding guides, consumables catalogs, etc. He co-wrote multiple articles for the AWS Welding Journal, and co-wrote the Lincoln Electric Flux Cored Welding Guide. He has also been an SME for the technical education department, and is in the process of writing the new Lincoln Electric Submerged Arc Welding Guide. He is an AWS Certified Welding Inspector, Certified Welding Educator, and an ASNT ACCP Level II Visual Testing Inspector and is currently the supervisor for The Lincoln Electric Accredited Testing Facility (ATF). He is trained and fluent in all welding processes, and expert level in SAW (submerged arc welding) and FCAW (Flux cored arc welding).

Evaluation Method: The rubric below was used to evaluate that core curricula meets industry standards.

Review Scale Definitions:

Effective: Review component is a "best practice" and represents a model for replication.

Ineffective: Review component is weak and in need of significant improvement.

N/A: Not applicable

1. Course Outline	Effective	Ineffective	N/A
Course Outline – 4 Pages	X		
<i>Comments or recommendations:</i> No changes or recommendations other than to consider adding "AWS: Welding Inspection Technology 2008" as a resource. The layout is clear and easy to understand and material is presented in the correct order. A very well put together outline.			
2. Syllabus	Effective	Ineffective	N/A
Syllabus – 6 Pages	X		
<i>Comments or recommendations:</i> Week 10 error found, the "online:" is missing the online reference. The Ohio TAACCCT Disclaimer is missing from the end of the document Recommendations include: Week 9 penetrant testing – use "ASTM E165/E165M-12" as a reference Reference the new AWS CWI endorsements or "MT" and "PT" Reference "ASNT ACCP Level II - PT and VT" certifications
