

Certified Production Technician Program

Certified by the Manufacturing Skills Standards Council (MSSC)

St. Charles Community College(SCC) now offers a **nationally recognized Certified Production Technician Certificate** for entry-level positions in manufacturing and current employees who want to improve their skill level.

The certificate includes skills training the following areas:

- **Safety**
 - * 10-Hour OSHA General Industry Card issued upon completion of Safety Module
- **Quality/ Measurement**
- **Manufacturing Processes**
- **Maintenance Awareness**

In addition to valuable lessons in:

- **Problem Solving**
- **Decision Making**
- **Teamwork**
- **Training Skills**
- **Good Workplace Practices**

SCC has recently added manufacturing classes to follow the National Association of Manufacturers' training model. These hybrid, flexible lab and classroom opportunities allow local participants to earn industry-recognized credentials that validate their skills in current manufacturing processes.

Program Support Specialists are available to help you succeed with your program application, training and career goals.

Our manufacturing partners include:

- * General Motors
- * Quest Specialty Products
- * Wainwright Industries

Earn a nationally recognized certificate endorsed by the National Association of Manufacturers.

Grant Funding Available for qualified applicants

MoSTEMWINS grant serves the following eligible participants:

- TAA (Trade Adjustment Assistance) individuals
- Veterans and spouses of veterans
- Unemployed
- Underemployed
- Low-Skilled

Some participant costs will not be covered by the MoSTEMWINS grant. However, additional financial assistance may be offered to eligible students through the Missouri Career Center in St. Peters.

St. Charles Community College is among nine colleges in the state of Missouri that have been awarded federal funds from the Trade Adjustment Assistance Community College and Career Training Grants Program. The federal awarding agency is the Department of Labor, Employment and Training Administration.
