✉ **4601 Mid Rivers Mall Drive Cottleville, MO 63376**

Earn **18 hours** of college credit, industry certifications and a **Certificate of Specialization in Programming** from an accredited college in just six short months.

- Learn how to program in Java.

- Understand how databases work and how to create, update and maintain data records.

- Understand the project life cycle and how you would fit as a project team member for major IT projects.

- Complete the program tuition free. Grant funding available for qualified students.
