

Lab 3b – Working with Tabular Data

Review Questions

1. Describe an example of when you would use a field alias
2. Why would you summarize an attribute field?
3. What is cardinality, and why is it important?
4. Provide an example of how you could use joins or relates in your GIS projects.

College to Careers (C2) is a WIOA Title I – financially assisted program and is therefore an equal opportunity employer/program which provides auxiliary aids and services upon request to individuals with disabilities by calling 711 or 800.648.6458 TTY. The C2 grant project (\$2,394,110) is 100% funded through the US Department of Labor's Trade Adjustment Assistance Community College and Career Training program (TC-26516-14-60-A-41). This workforce solution was funded by a grant awarded by the U.S. Department of Labor's Employment and Training Administration. The solution was created by the grantee and does not necessarily reflect the official position of the U.S. Department of Labor. The Department of Labor makes no guarantees, warranties or assurances of any kind, express or implied, with respect to such information, including any information on linked sites and including, but not limited to, accuracy of the information or its completeness, timeliness, usefulness, adequacy, continued availability or ownership.
