

PATH
Pennsylvania's Advanced Training & Hiring

**The PATH to a
Better Workforce**

LUZERNE
County Community College

This program is funded in part/in whole by the U.S. Department of Labor - Employment and Training Administration. This work is licensed under a Creative Commons Attribution 4.0 Unported License.

Closing the Gap

Community colleges are closing the skills gap by becoming the preferred training partner of local and regional business partners.

Meeting Your Needs

Luzerne County Community College is dedicated to meeting the workforce needs of the local and regional economy by providing workforce education in areas of need.

Career Pathways

We have developed career pathways in the areas of Advanced Manufacturing and Diesel Technology. Curriculum is industry validated and students train on relevant equipment.

Return on Investment

Through a partnership with PATH, employers gain access to the employees they need with the skills they want. Incumbent employees also benefit from additional training through PATH.

We're Here to Help
