

Your PATH to a great career starts here.

Healthcare

Advanced Manufacturing

Logistics & Transportation

What PATH has to Offer:

PATH offers career based training to prepare you for an in-demand, high skills career in the areas of healthcare, advanced manufacturing, and logistics & transportation.

Flexible:

Our programs are offered full-time, part-time, and in self-paced formats.* You can earn a credential in as little as 2 months.

Affordable:

Many PATH programs are offered at a reduced tuition rate. Students may take advantage of FAFSA, scholarship opportunities, or funding through PA CareerLink.

We're Here to Help:

We offer career coaching, resume building, job interview training, career pathway guidance, internship opportunities, and job placement assistance.

Brush Up:

Are your math and writing skills rusty? Improve your skills while you train! PATH offers remediation within select courses during your career training program.

Get Finished Faster:

PATH offers accelerated training for qualified students in many of our program areas.

Industry Standards:

Our local employer partners are involved in PATH program design and development to ensure our students meet employers' internship and hiring needs.
