

Precision Machining Technology

Career Studies Certificate

Design and create machined products with computer numerically controlled (CNC) machines. Computer control programmers and operators use CNC machines to cut and shape products to meet precise specifications.

Prepare for a career in CNC Machining with Thomas Nelson experts.

**Register today for an 8-week session.
Complete the program in nearly six months.**

**Continental Employees Incentives:
Join the class during first shift, 8 a.m. – 5 p.m.**

**Employers are ready to hire.
Classes begin August 21**
