

BECOME A CERTIFIED PRODUCTION TECHNICIAN

AND SET YOURSELF APART IN THE MANUFACTURING INDUSTRY

The CPT_{AE} program consists of these individual certificate modules:

- **Safety**
- **Quality Practices & Measurement**
- **Manufacturing Processes & Production**
- **Maintenance Awareness**
- **Green Production** *(optional)*

Candidates must earn the first four certificates to receive the full CPT_{AE} certification.

FREE* TO QUALIFIED CANDIDATES

ALL IT COSTS YOU IS YOUR TIME - A GREAT LIFETIME INVESTMENT IN EXCHANGE FOR:

- a certification that demonstrates to potential employers that you have the knowledge and skills needed for a manufacturing job
- increased job stability and earning power
- a nationally-recognized credential that you can take with you wherever you go

KEY EMPLOYER BENEFITS INCLUDE:

- Reduce or eliminate time and effort wasted on unqualified or uninterested candidates
- Compare job candidates more equitably
- Validate whether a potential hire has both the book smarts and job skills needed for manufacturing jobs
- Reduce employee turnover
- Invest in a more qualified workforce to increase productivity and competitiveness
- Increased ROI for training by targeting it against the gaps identified by the MSSC Diagnostic Tool
- An aid to attracting, motivating and retaining qualified employees

*The CPT^{AE} program is offered at CCV as part of the nationwide Manufacturing Skills Standards Council (MSSC) System. It is based upon industry-defined, federally-endorsed standards and is the only certification for front-line production workers that is accredited by the American National Standards Institute (ANSI) under ISO Standard 17024 (Personnel Certification). Program funded through a grant from the U.S. DOL. CCV is an equal opportunity employer. Auxiliary aids and services are available upon request to individuals with disabilities. ***Pending available funding.***
