- Youth (15-24 yrs)

CHAFFEY COLLEGE INTECH CENTER

As a regional training facility, the InTech Learning Center assists individuals by enrolling them in training programs AND employers by matching them with potential candidates.

PLACEMENT

Upon successful completion of training programs, the InTech Center staff works with individuals and employers to provide paid internships, on-the-job training dollars, job placement and apprenticeships.

UPSKILLING

Employers utilize Chaffey College Workforce Training Institute's ETP funds to upskill their incumbent workforce in a variety of subjects.

TOPICS INCLUDE :

- Business Skills
- Computer Skills
- Leadership
- Lean
- Manufacturing
- Safety

As employees upskill and advance at the company, new entry level positions open.

INTECH CENTER TRAINING PROGRAMS & SERVICES

PROGRAMS & PATHWAYS

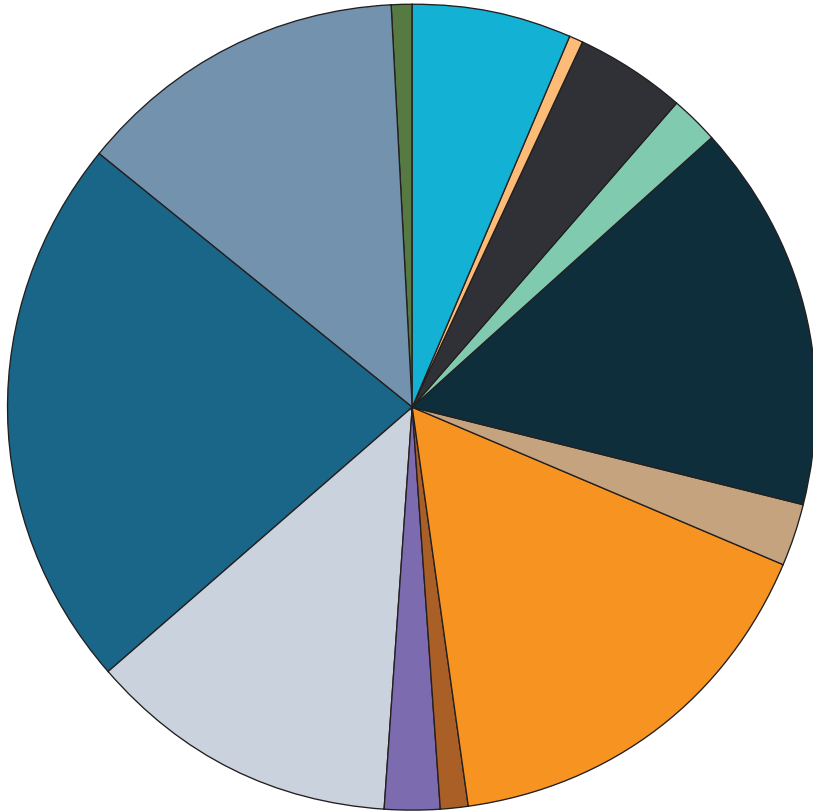

- Allied Health (8-40 hrs)
- Construction (280-320 hrs)
- Forklift (8-100 hrs)
- HVAC (500-600 hrs)
- Industrial Electrical & Mechanical (600-650 hrs)
- Office Occupations (350-400 hrs)
- Pre-Engineering (40-152 hrs)
- Robotics/Automation (160-180 hrs)
- Welding (125-175 hrs)

Successful InTech Learning Center trainees receive nationally-recognized industry certifications, which may include OSHA, EPA, NCCER and Chaffey College. They also receive 21st Century and soft skills training, preparing them for the rigors of the workforce. Funding has also allowed the Center to develop a Learn & Earn, accelerated apprenticeship program that allows employers to determine when workers move to the next level.

This project received \$6,632,881 (44% of total) from a grant awarded under the TAACCCT program as implemented by the U.S. Department of Labor. This project is an equal opportunity employer/program with auxiliary aids and services that are available upon request to individuals with disabilities.

INTECH FUNDING SOURCES

The Chaffey College Industrial Technical Learning Center (InTech Center) receives funding sources at the federal, state and county levels, as well as from philanthropic foundations. This funding allows the InTech Center to provide training to unemployed / underemployed individuals and displaced workers, and to upskill incumbent workforce in advanced manufacturing, leadership, continuous improvement and more. As a result, the InTech Center is 100% self-funded and remains at the forefront of the industry.
