

EAST CENTRAL
COMMUNITY COLLEGE

Electrical Technology Program

Louisville Career Advancement Center

East Central Community College in Decatur is now offering courses in its Electrical Technology Program at the Louisville Career Advancement Center.

The for-credit courses, which can lead to an Associate of Applied Science degree, are offered via video conferencing, with a tech facilitator in the Louisville Career Advancement Center to assist with questions and hands-on course work and demonstrations.

Courses include:

- Fundamentals of Electricity
- AC and DC Circuits for Electrical Technology
- Residential and Light Commercial Wiring
- Blueprint Reading
- Electrical Power
