Course Reviewed Industrial Electric Wiring

| Name                       | Company     | Date            |
|----------------------------|-------------|-----------------|
| 1. <u>Silas Marano</u>     | <u>Self</u> | <u>11-22-13</u> |
| 2. <u>Allyson Alvarado</u> | <u>EMCC</u> | <u>12-1-13</u>  |
| 3. _____                   | _____       | _____           |
| 4. _____                   | _____       | _____           |
| 5. _____                   | _____       | _____           |
| 6. _____                   | _____       | _____           |
| 7. _____                   | _____       | _____           |
| 8. _____                   | _____       | _____           |

Thank you for helping EMCC in the validation of our new hybrid courses. Please complete the following check-off for each hybrid course. Place a check mark beside the below statements that are true. Any comments and/or suggestions are appreciated.

Course Name: Industrial Elec. Wiring

- The course has a clear description of what will be taught.
- The course has a target audience.
- The course outline clearly list objectives.
- The course objectives are realistic for a hybrid course.
- The course includes written assessments.
- The course includes hands-on skills assessments.
- The course outline includes a list of all instructional materials necessary to deliver training.
- The course includes answer keys for the assessments.
- The course is set up in a way that can be easily taught by other colleges.
- I would recommend this course to others.
- The objectives covered in this course are sufficient to gain general knowledge in the technical area.

Comments:

(1) 17451-1-3 should provide the students to layout wire "circuit" wires. (2) It's difficult to make out the top of wire sheets.

I have reviewed the hybrid course and agree that the course provides the correct objectives to gain knowledge in the specific technical area.
