

Aerospace Electronics Capstone INDT 250

Portfolio Assignment

Throughout the quarter, we will be discussing the portfolio assignment. We will look at some e-portfolios. Based on the work we will do this quarter and information you will receive, you will create a career portfolio, either hard copy or electronic. The portfolio comprises 40% of your class grade and is due by 3:15 PM August 20th.

Minimum requirements (score 70%)

- Resume (must include skills and abilities)
- NCRC certificate
- Original schematic or wiring diagram

Additional items will add points to your grade

- Other artifacts of your class work during the program
- Good organization of information
- Relating your information to program objectives/outcomes
- Good writing skills
- Documentation of other training and certifications
