Tutors for the Geosciences

Steve Lizotte

Steve has been a SLCC geosciences tutor since September 2014. He brings his academic success and a lifelong love of the geosciences to the GIS Lab. Steve can assist you with your courses in Geography, GIS, Meteorology, Natural Hazards, and Environmental Geology. He can help direct you to the resources you need to answer any questions you may have.

Mitchell Baird

Mitchell has worked as a tutor in the GIS computer lab since the spring of 2013. He started taking GIS classes in 2011, and has taken GIS 1800, 1820, 2100, 2900, and 2920 at SLCC. Recently he took ESRI's Desktop Associate 10.1 exam. From 1999 to 2006 he worked at Everett Community College in Washington State running computer labs for the Department of Adult Education. He earned a B.A. degree in political science from Brigham Young University, and a Master's degree in adult education from Western Washington University.

New Instructors

Ray Montgomery, GISP

Ray manages the GIS (Geographic Information System) for Sandy City, Utah. During his tenure, the GIS was built up from a one-person shop to an enterprise system that has 5 full time GIS people, 10 power users, and about 95 casual users. He is experienced in Cartography, ArcMap, ArcSDE, ArcGIS Server, aerial photos, database design and admin in both SQL Server and MS Access. He has also worked for a private engineering firm, a federal agency, and has owned a small business.

Upcoming Events

November 3, 2014

Spring registration begins

November 12, 2014

11:30 AM Salt Lake Users Group (SLUG) meeting, location TBD

November 15, 2014

Graduation application due for spring semester

November 18, 2014

Salt Lake County GIS Day (SLCC Miller Campus)

Internships and Employment

Numerous opportunities for both employment and internships in the geosciences are available right now. Check out our [Jobs and Internships](#) Page for a complete list of current opportunities

[Adam Dastrup](#)

Geosciences Coordinator/Associate
Professor

Planning Intern

Timing: October - December 2014 (may be able to extend through May)

Work internally with staff and management to oversee and administer planning activities. Work with local agencies, jurisdictions, and partners in support of the land use and transportation projects selected under the Local Planning Resource Program. Provide assistance with the Wasatch Choice 2040 Toolbox, to the local governments involved in the programs.

Qualifications: College student in the field of urban planning, geography, and/or demographics. Proficiency with ArcGIS is a plus.
