Category	Score	Notes
Learning Objectives	2	Objectives are clearly stated in course outline.
Course Support of and Alignment to Learning Objectives	1	There seems to be logical connection between lesson plans and course objectives, but objectives are not specifically referenced in lesson plans.
Sequencing of Course Content	1	Sequencing seems logical given the course outline and lesson plans but hard to judge without knowing subject area.
Opportunities for Active Learning	1	There is a reference to labs but no details on what these involve. Objectives imply skill development which requires hands on learning, but it is not specified what these activities are.
Opportunities for Formative Feedback to Students	1	Quizzes and homework are noted in lesson plans but no copies of these are available.
Summative Assessment of Learning	1	Sixty percent of course grade is skill demonstration. Other summative assessments outside of quizzes are not noted. No copies of quizzes are provided.
