Evaluation and Observations: After reviewing the learning material, please indicate your agreement with the following statements by placing an “x” in the applicable column where 5=excellent or strongly agree and 1=poor or strongly disagree.

1. Quality of Content – The Learning Material...	Stro ngly Agre e	Agree	Nei the r Agr ee	Dis agr ee	Stro ngly Disa gre	N/A
...is clear and concise	X					
...provides a complete demonstration of the concept	X					
...demonstrates a core concept grounded in the discipline	X					
...is current and relevant	X					
...is supported by appropriate research	X					
...is self-contained (can be used without requiring an assignment or context)						
...provides accurate information	X					
...is flexible (can be used in several situations)						
...includes an adequate amount of material				X		
...has strong workplace relevance	X					
...integrates the concept well	X					
Overall , the quality of the content is very high						
	5	4.5	3.5	2.5	1.5	0
Enter a numerical value that summarizes your attitudes above.	X					
Strengths (Describe the outstanding features of the quality of the learning material) Pertinent and current nursing material. Using QSEN competencies which is great.						
Concerns (Describe any problems in terms of quality) Course materials such as power points, assignments, syllabus etc. not provided.						
2. Potential Effectiveness as a Teaching Tool/This Learning Material...						
...identifies learning objectives	X					
...identifies prerequisite knowledge				X		
...reinforces concepts progressively	X					
...builds on prior concepts	X					
...demonstrates relationships between concepts	X					
...is easy to integrate into curriculum assignments				X		
...is very efficient (could learn a lot in a short time)	X					
...can be used to measure student learning outcomes	X					
Overall , learning material is a very effective teaching tool	X					
	5	4.5	3.5	2.5	1.5	0
Enter a numerical value that summarizes your attitudes above.		X				
Strengths (Describe the outstanding features of the quality of the learning material) quality of the material is outstanding. Current in nursing practice today.						
Concerns (Describe any problems in terms of quality) same as above						
3. Ease of Use – This Learning Material...						
...is easy to use	X					
...has very clear instructions	X					
...is engaging	X					
...is visually appealing	X					
...is interactive	X					
...is of high design quality	X					
...meets accessibility requirements if able to assess	X					
...if an app, can be used on multiple types of mobile devices and platforms						X

...if an app, runs effectively without the internet						X
Overall , the usability of this learning material is very high	X					
	5	4.5	3.5	2.5	1.5	0
Please enter the numeric value that summarizes your attitudes above.	X					
Strengths: (Indicate the outstanding features of the usability of the learning material) same as above						
Concerns: (List problems in terms of usability)						
	5	4.5	3.5	2.5	1.5	0
What is your overall numeric rating for this material? Review your 3 ratings above and determine your overall rating						
Optional Information:						
<p>1. Other comments to be included in the review: (If an app, respects privacy of user, meets PG rating standards, how frequently app is updated) If wanting a course outline of PN program, this is outline will work.</p>						
Comments to author only: (Any needed improvements or recommendations should be addressed here.)
