The City University of New York was awarded \$19.86 million through the United States Department of Labor’s Trade Adjustment Assistance Community College and Career Training grant program to offer CUNY CareerPATH, a three-year program aimed at supporting adult students in career advancement and successful college transition, responding to local industry needs, and building CUNY’s capacity to serve adult workers. CareerPATH provides academic and English language skills instruction “contextualized” to five industry sectors – health care, education, manufacturing, culinary arts and hospitality, and business – with the goal of engaging adult learners and accelerating their progress once they enroll in college. Strengthened connections between English language pre-college programs, occupational training, and degree programs — bolstered by strong advisement and enhanced student services — help students progress on each step of their education and career pathway. In the short term, participants earn industry-recognized credentials and find jobs. In the longer term, they translate their training into college credit and enter degree programs.

The program director/product liaison should enter the following information below:

“Implementing a Comprehensive Student Support Model in CUNY CareerPATH” summarizes the lessons learned about effectively advising adult students and about ways to structure program-wide professional development for student advisers. The document is intended for staff of similar workforce development and education programs that offer advisement supports to participants.

The reviewer should complete the information below:

Based on your expertise, how would you rate the product’s ability to meet standards within your field?			
<input checked="" type="checkbox"/> Outstanding	<input type="checkbox"/> Satisfactory	<input type="checkbox"/> Needs Improvement	<input type="checkbox"/> Incomplete

SUMMARY

Based on knowledge of the product, please summarize your review of the product below in 2-3 paragraphs.
